

## **NHDRO : Announces NEW Cruiser Class for 2013 Season**

Monday, February 11, 2013

**CRUISER ET, NHDRO's newest class! We welcome this class and all its participants and supporters to NHDRO.**

The 2013 NHDRO season will include the new class, Cruiser ET. This class is specifically designed for ALL non-sport model bikes (i.e. Honda Goldwings, Harley Davidson Baggers, Choppers, Victory, etc.). Brian Welch, founder and head of NHDRO said, "I believe there are a lot of bikers out there that enjoy racing but their style of bike just happens to be different than the traditional race style bike." Brian added, "At an NHDRO event, we want to give the opportunity of racing to as many bikes that we can safely get down the track in a weekend." Brian believes there is a good market for bracket cruiser racing in the Midwest and will give it a try at the NHDRO Season Opener on May 17th at Indianapolis Lucas Oil Raceway. For all AHDRA (All Harley Drag Racing Association) members, NHDRO will transfer your 2012 AHDRA license over to a 2013 NHDRO license
